Dear Mr. Huth:

On November 14, 2003, Clow Water Systems Company submitted a revised PSD permit to install (PTI) application package for Emission Unit P901 - Cupola. The revised PTI application was submitted to replace the initial PSD PTI application 06-06986, which was submitted August 26, 2002. Please refer to your November 5, 2003, letter included in the revised application submittal.

On November 21, 2003, the revised application was returned to Clow Water Systems Company per your e-mail request dated November 19, 2003. Clow Water Systems Company has not contacted this office since the application was returned.

Since Clow Water Systems Company has not resubmitted a revised application as of this date, I am returning your original PSD PTI application 06-06986 as it is not complete. Please refer to previous letters, e-mails, and phone calls for details of additional information needing to be submitted.

If you have any questions concerning this letter or your application, please contact me at (740) 380-5216 or email zach.hamlin@epa.state.oh.us.

Sincerely,

Zachary Hamlin
